

Internet Saathi Digital Literacy Project

Project end Report
1st June 2018 to 31st January 2019

Submitted by

Kalp Samaj Sevi Sanstha
Link road, opposite metro cinema, Janjgir
District- Janjgir Champa, Chhattisgarh 495668

Submitted to

Partnering Hope into Action (PHIA) Foundation

1. Basic Details

Name of the Project	:	Internet Saathi Digital Literacy – Phase 1
Name of the CSO	:	Kalp Samaj Sevi Sanstha
Contact Details of the CSO	:	At post- Sukul Para Kharod, District- Janjgir Champa, Chhattisgarh 495556 Email – sansthakalp@gmail.com
Contract Period	:	1 st June 2018 to 31 st January 2019
Reporting Period Covered	:	1 st June 2018 to 31 st January 2019
Reporting Date	:	25 th February 2019

2. Geographical Coverage

Name of district	Names of blocks	Number of villages in each block	Number of Saathi in each block	Total beneficiaries trained by Saathi in the block
Mahasamund	Pithora	195	65	45500
	Mahasmaund	180	60	42000
	Baghbahara	225	75	52500
TOTAL				140000
Durg	Dondilohara	156	52	36400
	Balod	96	32	22400
	Gurur	114	38	26600
	Gunderdehi	84	28	19600
TOTAL				105000
TOTAL(A+B)				

3. Profile of Saathis

Total Saathis		350
Social Profile of Saathis		
SC		94
ST		58
Muslim		02
Disabled women		01
Others		196
Age Profile of Saathis		
Age	< 18 years	0
	18-25 years	244

	25-30 years	50
	30-35 years	26
	35 years <	30
Education Profile of Saathis		
Education	<10 th	0
	10 th - 12 th	303
	Graduation	39
	Post-graduation	8
Number of Saathi who were the first-time users of Smart Phone		290

4. Key Learning and Challenges from the Project (up to 300 Words)

- A standard operating procedure (SOP) or written guideline related to Internet Saathi program should have been given to the CSO. This could have been helped in smooth implementation of the program.
- In working area the internet service provider were having very poor network services
- Delay in providing the technical service support by Dhvani and Friend.
- Absence of key person at state level.
- Both the handset were having hardware issues like Nokia had only one 1 gb ram and LAVA handset was not supporting hotspot.
- Enforcement of election code of conduct in the state hampered the work of sathis at field level.
- Dealing with sathis regarding delayed payment.
- Unwillingness of banks to pay at a time small amount to 350 Saathis via NEFT.
- Most of saathis bank accounts were inactive the movement payments were deposited in the account, bank deducted their service chargers, also the distance from their villages were not less then 20 km where they have spent much amount on travel, these both factors affected on the total amount received by sathis.

5. Insight into Best Practices that Helped in Effective Implementation of the Project (up to 300 Words)

- Regular monitoring and guidance both at block and by us through application and logging have helped to keep the track of the project and its desired results.
- Regular Field monitoring visit by Project Director and Program Manager.
- Monthly meetings with saathis and Block coordinators at block level.
- Provision of additional data support to block coordinators has helped to sink saathis data.

6. Suggestions / Possibilities for engaging with the Internet Saathi on a long-term basis (up to 300 Words)

Strategies will differ for both the districts as Mahasamund and Durg have different demographic, social and economic background.

In Mahasamund district along with 200 Saathis following initiative can be taken.

- The economy of District Mahasamund is based on agriculture so the initiative should be on sustainable agriculture like water management programme, organic farming, concern capacity building trainings, strengthening social security services etc.
- Kitchen garden activities will help to increase food security which can be promoted.
- Mahasamund is rich in forest produce such as bamboo, lakh and others we can focus on increasing income of families by connecting them for marketing.
- Large numbers of Saathis are in between 18 to 25 years skill development trainings can be taken.

The saathis in district Durg are more educated. The demographic profile of the district is more like urban areas.

- Skill Training like computer hardware and software could be helpful in these area.
- Trainings on Mobile repairing, electronic can also be consider.
- Sewing and beauty parlor for girls can also be done.

- A decent number of our Saathis in Gurur block works on handloom machine as their livelihood. Improved tools, designs, strengthening their marketing will be more effective.

Some other suggestions are:

- The Internet Saathi application can be used as a platform to provide government information to the Saathis which will help them further to increase their knowledge and capacity which can be utilized in future..
- The application can be used to provide information on important issues like hygiene and sanitation, Nutrition, Education etc so it could improve the quality of life of saathis.

Change stories of Saathi

This is a story of Veerashri Gayakwad sathi Id-7090803774 from Village Kanpa, Block-Mahasamund, from Mahasamund district. Kanpa is one village from she has been assigned to Three Villages. She taught about Smartphone and internet to some of the women's and Girls' which Created interest among them.

The women's were interested in work which can be done by home.

The saathi showed them YouTube video of handicraft. Which encourage them to learn handicraft. Now all three women namely Bhuneshwari Radha and mandakini has started making handicraft which given them opportunity to earn their livelihood.

Hello I am Gauri Nishad From Village- Sonaputi Block-Mahasmund. I study in Bsc final year and Stitch Women's Cloths. I have been doing this work since three year. I was not able to design and make ambroyadri work on suits.

There was no one to teach me this work. So I took help of internet. I learned lots of useful and important things on it. I used internet in my study also.

Internet has given me my own identity. I suggest everyone to use internet.

This is the story of Anju vishwkarma, a beneficiary from village-lafinkhurd District-Mahasamund. She was little familiar with the art of mehendi. She meet our internet sathi Rekha nishad From Village lafinkhurd, District-Mahasamund and knew about you tube in Smartphone. She also learnt how YouTube can be very useful for her to learn new design of mehendi.

She started using You Tube with the help of internet sathi. Anju vishwkarma is now earning around 500 rupees per day using that design of mahendi.

This is the story of Mrs. Raman Sahu from village dotopar block gurur, District Durg. She makes saadi on handloom machine for her livelihood. Several other women's works under her guidance in different villages. It was very troublesome for her to solve every co-worker problem at the same time because the all live in different villages.

One day our internet sathi kavita sahu went to her home to teach her about Smartphone. She was not as interested as she was busy talking to co workers about the problem in their machine.

Internet sathi kavita sahu showed her about video calling and told her how it can be useful for her not only to connect to other co-workers but also to see the problem of machine without going anywhere.

This video calling facility helped her allot as she Guide all their co-worker sitting in her house. She also Suggest her co-worker to purchase Smartphone.

This is the story of Kaushlya sahu Village- Otebandh, Block –Gunderdehi district-Durg. She is a house wife. She did not have personnel touchpad basic mobile phone. Internet sathi Pushpalata sahu, Id- 7090741725 once visit her home to teach her mobile. Kaushlya was very nervous as she has never touched a screen touch Smartphone.

That day our sathi just showed her smartphone and told basic things about phone. She visited her once again and was surprised because whatever basic things she had told about Smartphone was completely memorized by kaushlya.

Looking her enthusiasm our sathi gave her basic and advance information related to phone, internet Google, YouTube and other things to her in many house visits.

Now she doesn't want to have basic mobile phone. She said whenever I'll have phone it will be a Smartphone.

ANNEXURE – 3

Kindly provide the detailed MIS for the project in a separate MS Excel File
